RE: Water Right Permit No. **G2-28689** (Well 27) – **OVERDUE NOTICE**

Dear Mr. Prather:

In reviewing your files, I noticed we have not received your Proof of Appropriation form. This letter is to remind you that the development schedule of your water right permit required that water be at beneficial use and the Proof of Appropriation form submitted by **January 1, 2006**.

There are a number of possible steps you may need to take in order to bring your permit back into good standing, depending on the status of your project. Please refer to the following chart:

If this is the case:	You need to do this within thirty (30) days of the date of this letter:
You have put the water to full beneficial use .	Complete and submit the Proof of Appropriation form. The form must be <u>notarized</u> , and include the parcel number for the point of withdrawal/diversion. Please include evidence that shows you have installed an approved measuring device, as well as data that you have collected on this permit.
You need more time to put the water to beneficial use.	1. Submit a written request for an extension (refer to enclosed fact sheet for instructions). 2. Submit extension fee (\$50.00).
You no longer intend to develop your project.	Notify Ecology's Southwest Regional office in writing.
You need more information.	Contact our office at (360) 407-6300.

Failure to respond to this letter within 30 days may result in the cancellation of your permit.

If you have questions, please contact me at (360) 407-6918 or at abro461@ecy.wa.gov. Thank you for your attention to this matter.

Sincerely,

Abby Brown

Dear Mr. Prather:

Re: Water Right Permit No. G2-28689

In compliance with your request, you are hereby granted an extension of time until **January 1, 2006**, to put the water to full beneficial use and file a notice of such action under the above mentioned permit.

Please submit the following when the actual water has been put to full beneficial use:

- ° Proof of Appropriation form filled out and notarized
- ° \$21.00 check payable to the Clark County Auditor's Office
- ° \$5.00 check payable to the Department of Ecology

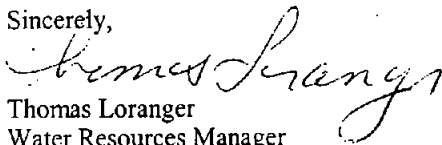

Please send both checks to the Department of Ecology and we will forward the Auditor check along with your Certificate to the County Auditor's Office for recording. **Also, the County Auditor is requiring that we have the parcel number for your property added to your Certificate. Please provide the parcel number for the point of withdrawal/diversion and the place of use.**

If you do not expect to have the water put to full beneficial use by **January 1, 2006**, you should request further extensions, as needed. Dear Sir or Madame:

Re: Water Permit No. G2-28689

We sent a letter reminding you of the need to file a Proof of Appropriation form or request an extension of time to put the water to full beneficial use on this project. Full beneficial use means the project is at full build out, all the water is in use, and the provisions of the permit have been met.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology. Do not send the Proof of Appropriation form or fees if the water has not been put to full beneficial use.**

\$5.00 payable to the Department of Ecology

AND

\$21.00 payable to the Clark County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year.** The Proof of Appropriation for your water right permit was due on **January 1, 2003**. If an extension is needed, please send **\$5.00** payable to the Department of Ecology along with your request to extend your file until **January 1, 2004**.

If we do not hear from you within **sixty (60) days** from the receipt of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation. If you have questions or concerns about this information, please call me Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270. Thank you for your attention to this matter.
